A church in a neighborhood
speaks of stability,
community, and inspiration.

Dear Friends of Downtown Revitalization,

Our church in the Jackson Park neighborhood was built in the Carpenter Gothic style in 1885 by German immigrants.

This simple, modest, unadorned architectural style reflects the character of hardworking people hoping for better lives.

With your help, we can revive the life of this hidden "Gem" in the Jackson Park Historic District – and with it, the vitality of our neighborhood.

**CHALLENGE
MATCH
OFFER**

**We have generous donors who will match
\$2 for every \$1 we raise and for every firm
pledge we receive through December 31.
This triples the impact of donations!**

Please join us now when the impact of your gift will be multiplied – as one of many Friends of the Gem.

... BECAUSE YOU BELIEVE IN
NEIGHBORHOODS

“This structure is part of the rich historic context in the extraordinarily intact Jackson Park Historic District, and is highly unusual as a remaining Carpenter Gothic house of worship in our downtown. Taking on restoration and rebuilding is a bold move by this small and mighty congregation, demonstrating their dedication to the neighborhood that surrounds it.”

– Chris Olson, City of Dubuque Planning Department

SHARING OUR HOME

Opening our doors and reaching out to our Jackson Park neighbors is a bedrock of our mission, expressed in many ways:

- Preparing and serving meals at Hope House
- Handing out hundreds of face masks during the pandemic
- Making our parsonage available to state-contracted agencies for supervised visits to help reunify children and parents
- Participating in neighborhood clean-up
- Giving local musicians, poets and storytellers a platform for sharing their talents with an appreciative audience

We value our place in the Jackson Park Historic District, providing a stable downtown presence. Our buildings are contributing structures, included in the National Register of Historic Places.

Our Leadership Team is committed to serving our neighborhood community.

... BECAUSE YOU BELIEVE IN
COMMUNITY

... BECAUSE YOU BELIEVE IN
PRESERVATION

“This Carpenter Gothic church is distinctive, with its pointed arch windows, steep-pitched roof, and decorative wood millwork – familiar architectural features in Grant Wood’s ‘American Gothic’ painting. Restoring it preserves a unique part of our city’s history.”

– Duane Hagerty, *Heritage Works*

PLANS

Our building caught the eye of a historic preservationist who offered to help pay for its restoration, including:

- **Belfry replication:** It was removed about 70 years ago.
- **Exterior restoration:** Reinforce foundation and basement walls; clean, repair and repoint masonry; restore entrance doors and transoms.
- **Interior renovation:** Remove drop ceiling to uncover vaulted ceiling, circular and pointed arch windows; install a lift to make both levels handicap accessible, doubling our usable space.

HISTORY

The building has been home to four congregations since 1885:

- 1885 German Methodist Episcopal** When the church was built, services were held in German. The name was changed to Grace Methodist in the wake of anti-German sentiment in 1918. They joined St. Luke’s Methodist Church in 1965.
- 1966 Assembly of God**
- 1983 Grace Bible Baptist**
- 2004 Unitarian Universalist Fellowship of Dubuque** Established in 1985, we rented meeting space before settling into our true church home in downtown Dubuque.

FRIENDS OF THE GEM CAMPAIGN

The total estimated cost for the project is \$1.5 million:
